Accumulator Question and Answer Sheet

1. What is the Actavis Accumulator Scheme?

A. The Actavis Accumulator Scheme offers both ease of ordering and competitive pricing across the entire Actavis UK generics range.

2. Who can join the Actavis Accumulator Scheme?

A. All registered pharmacies within England, Wales, Scotland and Northern Ireland can apply to join the Scheme.

3. How do I become a member of the Accumulator Scheme?

A. You simply have to sign up to the Scheme by completing a data release form. Once this is received by the Actavis commercial office the participating wholesalers are informed. Any sales via any of the participating wholesalers will attract the Accumulator discounts.

4. How will I know how much I have spent on Actavis products each month?

A. All participating pharmacies will receive a monthly statement detailing the amount of purchases of Actavis products and the amount of additional discount that this attracts.

5. How often will the additional discounts be paid and how will I know?

A. The Accumulator discounts are paid monthly and you will receive remittance advice of these payments. The payments are made via BACS directly into your nominated bank account.

6. How are the discount levels decided and once I reach a certain level does that discount % apply to all purchases?

A. The discount levels in the Actavis Accumulator Scheme relate to the purchasing patterns of independent pharmacy throughout the UK. This means that for each £250 spent on Actavis products you will move to a higher discount level. As you move to a new level all purchases attract the higher level of discount.

7. Do the discounts start at zero?

A. Yes. Actavis realises that Category M can mean that prices vary from time to time, therefore, the discounts start to apply for the very first Actavis product purchased.

8. Do the discounts apply to all products in the Actavis range?

A. The Accumulator discounts apply to the vast majority of Actavis products listed in our monthly price lists. These can be identified as the Actavis Accumulator range. Some other products appear on the Actavis price list as Actavis additional. These are niche products which may or may not be in the Scheme.

9. Will Actavis continue to run monthly promotions?

A. Yes. These will be detailed on the monthly price list and will attract "one off" additional discounts for that month only. Make sure you have a copy of the monthly Actavis Accumulator price list.

10. Which wholesalers are participating in the Scheme?

A. The following wholesalers are participating in the Actavis Accumulator Scheme which means that if you are signed up you can gain discounts by purchasing Actavis (Alpharma) products through any of the following:- AAH, Maltbys, Mawdsleys, Munro, Norchem, Phoenix, Sangers Northern Ireland, Unichem
